## ALTERATIONS

While you are allowed to make your own alterations, we recommend using a professional seamstress.

If hemming is necessary, **both skirts** will need sewing.

**Do not cut** the heavier black skirt, fold the extra fabric under as needed, press it, and stitch. If your dress has a chiffon layer, it has to be hemmed to prevent fraying. If necessary cut it to length, plus an additional **1/4 inch** to be folded under and machine stitched.

If hemming is necessary, **do not cut** the fabric. Instead, fold the extra fabric under to the proper length, press it, and stitch it.

## YOU MUST PROVIDE

**Flat black** shoes with a closed heel.

**Black hosiery** or black knee-high hose.

**A tuxedo shirt and bowtie** available at Hobby Lobby and Burlington Coat Factory.

**Black dress shoes** not your marching shoes.

**Black knee-length socks.**
